Re: Letter of Recommendation for Kevin O'Brien as a Vendor

Kevin,

Per your request, feel free to share this letter of recommendation.

Kevin O'Brien and I have worked together since the summer of 2011 in numerous efforts to further the growth of our mutual client, a medium sized investment manager in Manhattan.

The client has experienced significant growth from 2011-present, transitioning from having six employees in the summer of 2011 to its present size of approximately 25 employees. Their office size expanded from < 2,000 square feet to > 12,000 square feet at present. This expansion entailed numerous logistical challenges due to the vagaries of working in a large Manhattan office building.

During this period, Kevin successfully coordinated the efforts of multiple vendors: movers, furniture assemblers, furniture companies, etc. At all times Kevin performed at and beyond our expectations, enabling the client to feel comfortable with doing progressively larger amounts of business with Kevin's firm.

We have no hesitation in doing additional business with Kevin when the need arises, and at a minimum we will always consult with him and offer the opportunity to work on new projects as they become available.

My contact information is below.

Sincerely,

J. Robert Burgoyne
